PRODUCT DESCRIPTION

These Pink Absorbent Disposable Bed Protectors are ideal for individuals who spend a lot of time in bed due to age, disability, injury, illness or any other reason. They protect the bed from any liquids and draw the moisture away from the user. They are available in three different sizes-small, medium and large. Each size packet comes with a different number of protectors depending on their size.

The Mediquip Pink Absorbent Disposable Bed Protector have high-quality liquid absorption. Made of latex-free material, they will keep you and your bed dry pulling the moisture away from you.

The pink waterproof backing will act as a barrier between you and the bed ensuring that nothing will leak onto your mattress or bedding. Pinkies are made from a durable woven PAA material. They have a high-quality absorbent quilt of crystal layers built-in. These act very much like a diaper or nappy.

The material that the Absorbent Disposable Bed Protectors - Pink are made of is also very comfortable. It is gentle on the skin which will prevent irritation while remaining hygienic and preventing the growth of bacteria.

They are disposable, meaning you just fold it up and throw it away after use. All packs come with more than one protector. There is no longer any need to apply any other waterproofing methods to your mattress.

Sizes:

- Small-sized protectors have enough crystals to absorb 2 litres of fluid measuring 60cm x 60cm with 10 per packet
- Medium size is designed to absorb three litres of fluid measuring 90cm x 60cm with 5 per packet

- Large can absorb up to 4 litres of fluid measuring 180cm x 60cm with 2 per packet

All three sizes of this protector also have 4 adhesive tabs. These tabs help you to secure the waterproof backing onto a mattress or sheet to prevent movement.
