PRODUCT DESCRIPTION

The Aspire Signature 2 Lift Space Saver Recline Chair with space saver mechanism has been

designed to offer additional comfort in everyday life. This Space Saver chair is suitable for use in smaller rooms or confined spaces, conserving the best use of your living space & close wall positioning.

Featuring a single motor where the leg rest and backrest move at the same time - usually the leg rest kicks in first. Single motor recliner chairs tend to have less buttons on the hand control are simpler and easier to operate. With most models, you can also place them closer to the wall and they will still recline, making them suitable for smaller spaces. Also featuring a depth adjustable seat with a choice of two depth settings in 1 inch (25mm) increments for custom comfort and positioning and adjustable padding to support posture for individual users.

With accessible storage, the Aspire Signature Lift Space Saver offers a large side pocket for easy, convenient storage. The chairs handset is conveniently fitted in the pocket, allowing users to reel in a dropped handset, discouraging leaning and possible falls/injury.

A premium quality European design in both looks and electronics ensures a quiet and smooth lift, complete with an integrated battery backup. This design also features easy-to-read large backlit handset buttons and has an integrated USB charger point suitable for both mobile phones and other portable electronic devices.

Fitted with a set of 4 swivel castors, this facilitates easy movement for cleaning and transportation of the chair. Provided separately as standard (NB. Castors increase seat height).

A neat durable design, that has been made from high quality foam upholstery and a steel frame for increased durability and postural support. This material will not compress like polyfil fibers. Warwick Global Suede Fabric offers commercial-grade durability and resistance to flame, mould, mildew and pilling.

2 years warranty and an easy to clean fabric, this Aspire Signature Lift Space Saver Recline Chair is available to purchase in sizes small, medium & large and is available in colours Heritage (Vinyl), Lagoon (Micro-Suede) or Mink (Micro-Suede).

Please note dispatch ETA: 1-3 weeks for dispatch from our warehouse.
