PRODUCT DESCRIPTION

FREEDOM CHAIR A08L PREMIUM SPORT POWER WHEELCHAIR – PERFORMANCE, COMFORT, AND STYLE

The Freedom Chair A08L Premium Sport combines cutting-edge performance with a sleek, sporty design. It is ideal for users who want both style and functionality in a premium power wheelchair.

Key Features & Benefits

Powerful Motor Performance
Equipped with a robust motor, the A08L delivers smooth, reliable power for navigating various terrains. Whether indoors or outdoors, it offers effortless mobility.

Advanced Suspension System
The suspension system absorbs shocks and vibrations, ensuring a comfortable ride even on uneven surfaces. As a result, users can travel longer distances with less fatigue.

Generous Travel Range
With a high-capacity battery, the chair provides a long travel range on a single charge. Additionally, the battery is easy to remove and recharge, making daily use and travel convenient.

Intuitive Joystick Controls
The A08L’s joystick controller offers precise, responsive control. Therefore, users can manoeuvre easily in tight spaces or across open areas.

Comfort-Focused Design
A padded seat and backrest, along with adjustable armrests and footrests, provide maximum comfort

for extended use. Furthermore, its ergonomic design promotes proper posture and reduces fatigue.

Safety Features
The chair includes anti-tip wheels and a reliable braking system, giving users confidence while in motion. Additionally, its sturdy construction and durable materials ensure long-lasting performance.

TGA Registered for Assurance
The A08L is registered with the Therapeutic Goods Administration (TGA), ensuring it meets strict Australian safety and quality standards.

Battery Safety & Compliance

The Freedom Chair A08L includes MSDS (Material Safety Data Sheet) documentation for its lithium battery, making it airline-approved for safe travel.

Why Choose the Freedom Chair A08L Premium Sport?

If you are seeking a high-performance, comfortable, and safe power wheelchair, the A08L delivers on all fronts. Its sporty design and advanced features make it a standout choice for users who want premium mobility with confidence and style.

Frequently Asked Questions

Q: Is the A08L suitable for outdoor use?
A: Yes. The powerful motor and suspension system provide a smooth ride over a variety of terrains.

Q: What safety features does it include?
A: It comes with anti-tip wheels and a reliable braking system for enhanced safety.

Q: Can the seating position be adjusted?
A: Yes. The armrests, footrests, and padded seat can be adjusted for personalised comfort.

Q: How far can it travel on a single charge?
A: The high-capacity battery provides a generous travel range, with additional options for extending range if required.
