WARRANTY

3 Months Warranty

PRODUCT DESCRIPTION

The Homecraft Dual Handle Leg Lifter works the same as the [Homecraft Single Handle Leg Lifter](#); however you have the option to use 2 handles. This is a great feature for those who require the strength of both arms and hands to lift their leg. Being made of strong durable woven material, and wire that allows it to be flexible; you can customise when you are using it.

This handy Leg Lifter will prevent you from having to bend to lift your leg up onto a stool or the couch. Also, if you are sitting in a wheelchair or in the shower it can assist with comfortable positioning.
