PRODUCT DESCRIPTION

The iCare M1 Medical Mattress is a medium-risk bariatric mattress designed for comfort, safety, and support. Specifically engineered for bariatric users, this mattress supports up to 300kg and is fully compatible with the iCare Homecare Bed range. Its unique construction improves stability, reduces roll-out risks, and assists with safer transfers, making it ideal for both home and care environments.

Key Features

- Bariatric Support: Suitable for users up to 300kg
- Lateral Support Design: Castellated foam with unique lateral cuts provides stability and improves transfer safety
- Two-Layer Construction: One-piece U-shaped firm base with side wall support and medium-feel castellated foam inlay
- Firm Edge Support: Helps prevent falls and roll-outs while assisting with transfers
- Zerotec Cover: Waterproof, wipeable, breathable, and highly elastic medical-grade barrier fabric with welded seams and waterfall flaps for fluid control
- SlideSkin™ Anti-Shear Technology: Reduces shear forces with a dual-layer membrane that moves with the user's body
- Responsive to Profiling Beds: Works seamlessly with iCare Homecare profiling platforms for added comfort and positioning

Pressure Care

- Rated at <24.5mmHg average peak pressure
- Designed to reduce the risk of pressure injuries
- Icare risk category ratings are based on pressure mapping, therapist recommendations, case studies, and industry comparisons
- Best assessed through visual checks of pressure points over 5 days

Everyday Benefits

The iCare M1 Medical Mattress offers superior comfort and protection for bariatric users, helping reduce shear, friction, and pressure while promoting safer transfers. Caregivers benefit from easier repositioning support and reduced roll-out risks, making it a practical and reliable choice in healthcare or home settings.

Usage & Care

- Suitable for iCare Homecare Beds and compatible profiling platforms
- Clean the Zerotec cover with mild detergent and a damp cloth (avoid abrasive cleaners)
- Waterproof and breathable for easier maintenance and infection control
- Please allow 2-3 weeks for dispatch (order-in only)

FREQUENTLY ASKED QUESTIONS (FAQ)

Q: What weight capacity does the iCare M1 Medical Mattress support?

A: The mattress is designed for bariatric users and supports up to 300kg.

Q: Is this mattress compatible with all iCare Homecare Beds?

A: Yes, it is fully compatible with the iCare Homecare Bed range and other profiling platforms.

Q: How does the SlideSkin™ Anti-Shear technology work?

A: SlideSkin™ uses a dual-layer membrane that moves with the user's body, reducing shear and friction on pressure areas.

Q: Is the Zerotec cover waterproof?

A: Yes, it is **waterproof, wipeable, and breathable**, making it easy to maintain while reducing infection risk.

Q: What pressure rating does this mattress provide?

A: It delivers a medium-risk pressure care rating, with an average peak pressure of <24.5mmHg.

Q: Does the mattress help prevent roll-outs?

A: Yes, its firm edge support and lateral cut design reduce roll-out risks and assist with safer transfers.

Q: How long does delivery take?

A: This product is order-in only, with dispatch typically within 2-3 weeks.

Why Choose the iCare M1 Medical Mattress?

Choose the iCare M1 Medical Mattress for its bariatric capacity, pressure care design, and advanced support features. With SlideSkin™ technology, a Zerotec medical cover, and reinforced edge support, it provides safety, comfort, and peace of mind for users and caregivers alike.
