PRODUCT DESCRIPTION

Redgum Katie High Back Chair - Comfort, Support, and Style

The Redgum Katie High Back Chair is the original model in the popular Katie range, designed to provide excellent lumbar support for the lower, mid, and upper back. It also promotes an upright seated posture and supports the neck, making it a versatile choice for a wide range of users.

Weighing just 13kg, the chair combines a strong yet lightweight design with a high user weight capacity of 200kg. Its modern, stylish appearance allows it to fit seamlessly into any household, while the chair is available in four attractive colours: Grey, Blue, Ivory, and Sage Green.

Adjustable and Comfortable Design

The Katie High Back Chair is fully adjustable to suit different needs. It features:

- Seat height: 45cm to 57.5cm from the ground
- Seat depth: 43.5cm to 47.5cm
- Seat width: 48cm
- Armrest height: 22cm

The chair also includes a contoured padded backrest, comfortable padded seat, and large padded armrests for enhanced comfort during long periods of sitting.

Practical Features for Everyday Use

- Rear wheels for easy movement
- Folding backrest for transport or storage
- Epoxy powder-coated frame for durability and style

These features make the Katie High Back Chair not only comfortable and supportive but also practical and easy to use around the home.

The Redgum Katie High Back Chair offers a perfect balance of comfort, support, and style. With its adjustable design, lightweight frame, and durable construction, it is an ideal choice for anyone seeking a high-quality, versatile chair for everyday use.
