PRODUCT DESCRIPTION

Keep your teen dry, fresh, and confident with the StayDry Teen Trunk - 250ml for boys. Designed for

active teens, these trunks combine discreet waterproof protection with soft, breathable bamboo fabric for all-day comfort.

Crafted from premium bamboo fibres, the StayDry Teen Trunk is gentle on the skin while naturally antibacterial. The odour-control layer keeps your teen feeling fresh, even during school, sports, or outdoor adventures. A sewn-in “floating” pad offers 250ml absorbency, quickly locking away moisture and preventing leaks, so your teen can move freely and confidently.

Breathe Cell™ technology ensures these trunks are fully waterproof yet slim and discreet. The design fits snugly without bulk, giving maximum comfort and protection for everyday use. Perfect for school, travel, sports, or casual wear, the StayDry Teen Trunk offers reliable, eco-friendly incontinence care for teens.

Recommended by Occupational Therapists across Australia, these trunks are reusable, machine washable, and tumble-dry safe on a medium setting. Avoid bleach or fabric softeners to maintain optimal absorbency and longevity.

Key Benefits:

- 250ml absorbency for reliable leak protection
- Soft, breathable, and antibacterial bamboo fabric
- “Floating” pad adapts to body movements
- Discreet, waterproof protection with Breathe Cell™ technology
- Recommended by Occupational Therapists in Australia

Product Care Instructions

Give your Staydry underwear a quick wash before the first use to get them ready! Simply pop them in the washing machine and tumble dry on a medium setting (up to 80 degrees). Avoid bleach or fabric softeners—they can reduce absorption, and we want our undies to work their best for you.
