PRODUCT DESCRIPTION

The Trek Evolution 4 offers outstanding value in the luxury mobility scooter category. It suits users who want comfort, stability, and reliable outdoor performance without paying a premium price.

Designed by Korea’s leading mobility scooter manufacturer, the Evolution 4 delivers confident handling in everyday conditions. A powerful 4-pole motor supports outdoor use, while front and rear suspension help absorb bumps for a smoother ride. Bright LED lighting improves visibility and safety when travelling in low-light conditions.

Comfort is a key focus of the Trek Evolution 4. The fully adjustable high-back seat provides strong support during longer outings, allowing users to enjoy daily travel with less fatigue and more confidence.

For added convenience, the Trek Evolution 4 lets you charge your phone, play music via USB or Bluetooth, and stream live radio directly from your phone, making it perfect for both mobility and

entertainment on
