PRODUCT DESCRIPTION

The **revolutionary shape** of the Uccello Kettle Tipper was thoughtfully designed to enable hot water to be poured from your Kettle to your cup; **effortlessly, safely, and independently.**

The lightweight design, combined with the rotating cradle of the Uccello Kettle, means you only have to “tilt-to-pour”, eliminating any lifting, straining, or trying to balance and aim when pouring hot water!

- Effortless pouring technology
- Stainless steel heating element with British safety technology and control
- Auto shut-off with overheating protection
- Ergonomic handle for easy handling
- Removable stainless steel anti-scale filter
- Water level indicator
- Power-on light
- Large non-slip base
- Quiet boiling
