PRODUCT DESCRIPTION

The Vicair Adjuster O2 Wheelchair Cushion has been designed to assist and help with asymmetric

body contours and amputations. Its unique 5 individual compartment design contours under loading with each compartment specifically influencing an area of the pelvis, striking a unique balance between preserving skin and underlying tissue at the ischials, coccyx and trochanters, positioning the pelvis and supporting the femurs. Each individual compartment being easily adjusted to suit the users requirements and preventing the user from sliding forward.

The Vicair Adjuster O2 Wheelchair Cushion is 100% machine washable as well as being completely breathable for optimal hygiene, perfect temperature control and moisture regulation, resulting in optimal protection against skin breakdown. The Vicair Adjuster O2 has a max user weight of 250kg, weighs roughly 725grams (dependant on size) and is available in a standard range of sizing as well as on request custom sizing.

Cover Options:

Our standard Adjuster O2 Cushions are sold with the Top Cover option, other cover options area available on request - Excluding Cover, Comfair Cover, Incontec Cover and Reversible Cover are all available.
